## Product Label Programs

Customize Honeywell products with your company name

Product label programs let you customize Honeywell products with your company name so customers always know who to call for service and support. See below for details about TrueHOME custom labels, the private label program and dealer logo program.

### Dealer Logo Program

Add your business information and/or logo to select thermostats and humidifiers.

### Private Label Program

Add your business name and contact information to thermostats and air filters.

### TrueHOME Label Program

Create custom labels for all TrueHOME Comfort products.

Read the below overview and Click here to get started.

The screenshot shows the Honeywell website's navigation and content for the Private Label Program. At the top, there is a search bar with the text "Enter Keyword(s) or Material #", a dropdown menu set to "All Areas", and a "go" button. Below the search bar are radio buttons for "Material Number", "Content", and "Cross-Reference". The main navigation menu includes "PRODUCTS", "SUPPORT AND RESOURCES", "TRAINING", "NEWS", "CONTACT US", "ORDER CENTER", and "HELP". The breadcrumb trail reads "Home > Support and Resources > Residential > Product Label Programs > Private Label Program". On the left, under "In This Section", there are links for "Commercial" and "Residential", with "Residential" expanded to show "Codes and Standards", "Model Home and Personal Use Programs", "Price Books", "Product Label Programs" (including "Dealer Logo Program", "Private Label Program", and "TrueHOME Label Program"), "Sales and Marketing", "Technical Support", and "Trade Regulatory Data". The main content area features a heading "Private Label Program" and two paragraphs of text. The first paragraph states: "Order Honeywell thermostats and air filters imprinted with your name and contact information." The second paragraph explains: "Imprint your business name directly on residential equipment so customers know who to call for future HVAC service, support and upgrades. We make it easy to feature up to three full lines -- such as company name, phone number, and web address -- on select Honeywell residential and commercial thermostats and air filters." The third paragraph concludes: "It doesn't take long, either: Honeywell's Private Label Program gives you the advantages of low minimum order quantities and the fastest turn times in the industry. [Click here](#) to get started."

Create a New Thermostat Label

The screenshot shows a web browser window displaying the Honeywell Private Label Program page. The browser's address bar shows "http://privatelabel.honeywell.com/HoneywellPLP/Home.aspx". The page features the Honeywell logo and a navigation menu with "HOME", "CREATE TEXT THERMOSTAT LABEL", and "VIEW EXISTING LABELS". The main content area is titled "Thermostat Private Label Program" and includes a small image of a thermostat. Below the image, there is a paragraph of text: "Private labeling Honeywell Thermostats is one of the best ways to bring brand recognition to a dealer's business and lets homeowners know who to call for their future HVAC needs. Honeywell offers up to three full lines of customization for dealers to include their company name, phone number, and web address. With low minimum order quantities and the fastest turn times in the industry, you will see the benefit of Honeywell's Private Label Program. Private labeling is available on Honeywell VisionPRO, FocusPRO, and PRO residential thermostats and Commercial VisionPRO and CommercialPRO commercial thermostats." Below this text are three links: "Create a New Thermostat Label", "Program Description", and "Program Details and Setup Instructions". At the bottom of the page, there is a footer with "terms & conditions | privacy statement | site map | © copyright honeywell international inc 2004-2011". The browser's status bar at the bottom shows "Done" and "Local intranet | Protected Mode: Off".

IMPORTANT! Read Legal Terms and Conditions for Thermostat. And accept:

Note that you can also view existing labels

The screenshot shows a web browser window displaying the 'Legal Terms and Conditions For Thermostat' page. The page header includes the Honeywell logo and navigation links for 'HOME', 'CREATE TEXT THERMOSTAT LABEL', and 'VIEW EXISTING LABELS'. The main content area contains a list of 10 terms and conditions, followed by an 'Accept' button and a 'Do Not Accept' button. A red arrow points from the text 'Note that you can also view existing labels' to the 'VIEW EXISTING LABELS' link. Another red arrow points from the text 'IMPORTANT! Read Legal Terms and Conditions for Thermostat. And accept:' to the 'Accept' button.

Complete Below information and Preview

The screenshot shows the 'Step 1: Create Text Thermostat Label' form. The form is titled 'Step 1 of 4' and includes the account information 'Account # 187617 - Ferguson Enterprises Inc'. The form has two main sections: 'Choose Font' and 'Contractor Name'. Below these are three text input fields labeled 'Text Line 1', 'Text Line 2', and 'Text Line 3', each with a 'Center' checkbox. The form also includes a 'Preview' button and a 'Clear' button. A red arrow points from the text 'Complete Below information and Preview' to the 'Preview' button.

HOME CREATE TEXT THERMOSTAT LABEL VIEW EXISTING LABELS

**Step 1: Create Text Thermostat Label** **Step 1 of 4**

Account # 187617 - Ferguson Enterprises Inc

Choose Font \*  Selecting Arial Narrow may allow more space for your text.

Contractor Name \*  Example: Acme Heat & Cool (28 character maximum)

Label will reflect your typed input including spaces. At least one of the three text lines must be left justified (no beginning spaces). Please use the space bar to position additional lines as desired.  
If auto centering your label, left justify the longest line and click the center box on the two remaining lines.

Example :

Text Line 1	<input type="text"/>	<input type="checkbox"/> Center	Acme Heat and Cool
Text Line 2	<input type="text"/>	<input type="checkbox"/> Center	1-800-222-2222
Text Line 3	<input type="text"/>	<input type="checkbox"/> Center	Acme@heatcool.com

\* Required Fields

**Preview** **Clear**

Choose the product to preview your label placement and format from the dropdown box.

If automatic centering is not satisfactory, turn off the centering buttons and center manually.

Edit Label Text Save Draft & Receive Image Email Submit To Honeywell Cancel

Verify your information and click confirm

HOME    CREATE TEXT THERMOSTAT LABEL    VIEW EXISTING LABELS

---

### Step 3: Confirm Your Label

### Step 3 of 4

Your Private Label will appear as below:

NIKKI TEST HONEYWELL  
800-111-1111  
Nikki@honeywell.com

Are you sure your label information is correct?

You will not be able to modify your label after submission.  
If label requires contractor pre-approval, please return to the preview page and utilize the draft button functionality. You will receive an email with an image link that you can forward to your contractor and instructions on how to return to this site to edit/submit the label to Honeywell once you have received contractor input.

**Confirm**    **Cancel**

Lastly select the Honeywell Part number from the from the down list and create your customer part number and submit.

HOME    CREATE TEXT THERMOSTAT LABEL    VIEW EXISTING LABELS

---

### Step 4: Part Number(s) Setup

### Step 4 of 4

Create a part number for your new Private Label

Account Number	Label Image	Description
187617		Acosta Heating & Cooling 704-527-1889 www.acostainc.com

**Email Confirmation**

**Email Id**

**Second Email ID**

Second Email address may be used to have purchasing agent or someone else notified of part setup approval by Honeywell.

**Important**

The part numbers you set up must be unique to each customer and each product. (e.g. TH8110CLIMATRON – both for the same customer)  
Maximum of 18 characters – uppercase; no spaces (e.g. F100B-CLIMATRON)  
Do not use Honeywell part number(s) as your customer part number(s). We suggest using a variation such as the example above.

Honeywell Part # - Description	Customer Part #
<input type="text" value="-----Select-----"/>	<input type="text"/>
<input type="text" value="-----Select-----"/>	<input type="text"/>

Your part number has been successfully created.
