

# Honeywell Home

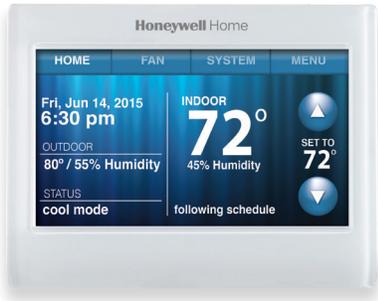

## More WiFi options, more ways to serve homeowners.

Smart Thermostat Portfolio

# Get Connected

Meet the broadest range of WiFi options in the industry. Connectivity isn't a trend – it's a way of life. And home comfort is no exception. Sales of connected thermostats are expected to quadruple in the next five years. That's a business opportunity you can't afford to miss!

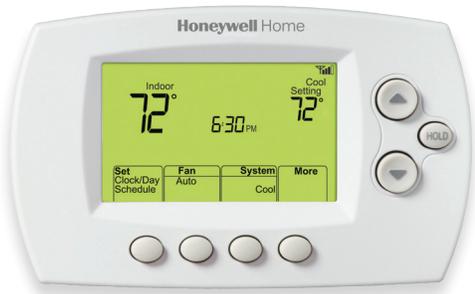

## 9000 Smart Color Touchscreen Thermostat

- Tool-free wiring, manual-free install and setup
- On-screen WiFi connection process (no separate device needed)
- Contemporary design with customizable display color

## VisionPRO® 8000 Smart Touchscreen Thermostat

- Plain language setup, no manual needed
- On-screen WiFi connection process (no separate device needed)
- Relay for IAQ Control; no remote sensor required

## FocusPRO® Smart Thermostat

- Installs with the ease of standard FocusPRO models
- Simple connectivity with reliable performance you can trust
- 7-day programmable setting helps lower energy costs

7-day programmable

Universal application\*

Precise control

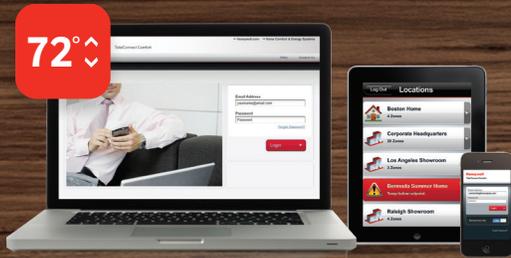

Real-time clock

5-year warranty

\*Resideo Smart thermostats work with multiple system types, including heat pump, gas, oil, and electric.

# Stay Connected

With the Total Connect Comfort app, your customers can:

- View and change their HVAC system settings
- Get temperature alerts via email or free app
- Access multiple locations if more than one system is connected

=

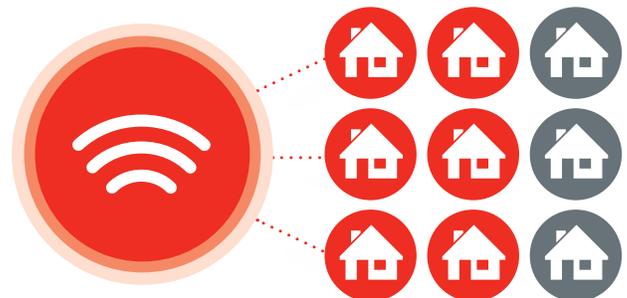

## Go green. Save some green.

Resideo Smart programmable thermostats may be eligible for money-saving energy rebates in the U.S. and Canada – giving your customers even more reasons to go wireless.

Visit [resideo.com](http://resideo.com) to see available rebates in your area.

## Remote comfort control? It's a no-brainer.

With over 70% of U.S. households already using WiFi connectivity, a Resideo Smart thermostat could be the easiest sale you make.

## Smart Thermostat Portfolio

THERMOSTAT	PART NUMBER	FEATURES
9000 Smart	TH9320WF5003	Color touchscreen
VisionPRO® 8000 Smart	TH8321WF1001	Touchscreen with relay for IAQ control
FocusPRO® Smart	TH8321WF1001	Push button

### Wiresaver Wiring Module

#### THP9045A1023

All Resideo Smart thermostats require 24V common power due to the onboard WiFi antenna. Many applications were originally installed with four wires available for the thermostat. For these applications the Resideo THP9045A1023 WireSaver allows for four wire installation. This simple device allows for the fan and compressor to be controlled through a single wire through the “K” terminal so that four wire installation is possible with any Resideo Smart thermostat.
