

C1 WiFi Security Camera

The Easy-To-Install Way To Give Your Customers
Peace Of Mind

Homeowners Want Security

Meet Their Needs With The C1 WiFi Security Camera

Intrusion detection is listed as the number one problem that homeowners would like addressed with a connected solution. Now you've got the answer with the Honeywell Home C1 WiFi Security Camera. It's a simple — and profitable — way to set your business apart by offering a home security solution.

Packed With Features Homeowners Want

Designed for indoor use, the C1 delivers an ultra-wide angle, high-definition view, and two detection zones can be set for extra sensitivity or to ignore background motion like a ceiling fan. Intelligent sound detection supports the video by adding audio analytics that identify smoke and carbon monoxide alarms. Real-time mobile alerts can be sent to the homeowner as well as family, friends or neighbors.

Video capture is triggered by motion or sound, with video clips stored on an included SD card and in the cloud. Plus, secure cloud storage of the past 24 hours is free.

FAST INSTALLATION

The C1 is easy to install and use. It can be mounted on a wall or table top, and installation takes just minutes using the Honeywell Home app. Best of all, it's intuitive to use, so you'll be giving your customers an easy solution that they'll value. Set yourself apart from other HVAC contractors by being a total home solution provider.

FEATURES

- Self-monitor using the Honeywell Home app
- Automatic home/away privacy mode through geofencing technology
- Two-way talk adds communication when needed
- Audio analytics to identify smoke and CO alarms
- Night vision/low-light control for visibility at all times of the day
- Industry leading security through end-to-end data encryption
- 5-year warranty (professional channel only)

Part Of The Honeywell Home Family

The Honeywell Home platform gives you an ever-growing solution for meeting the connected home desires of today's homeowners. With the C1 WiFi Security Camera, The Round™ SmartThermostat, T6 Pro Smart Thermostat, and the Water Leak and Freeze Detector, you have a wide range of opportunities to deliver comfort and peace of mind.
