## **C1 WiFi Security Camera**

With Home Security Products From Resideo

# Give Yourself Peace Of Mind

## With The C1 WiFi Security Camera

It's your home, and you want it and everyone in it protected. But you can't watch over it all the time — until now. With the C1 WiFi Security Camera, you can keep an eye on your entire home even when you're gone. Connectivity through your smartphone provides assurance that all is well or alerts you when it isn't. It's home protection made easy and convenient.

### Packed With Features You Need

Designed for indoor use, the C1 delivers an ultra-wide angle, high-definition view, and two detection zones can be set for extra sensitivity or to ignore background motion like a ceiling fan. Intelligent sound detection supports the video by adding audio analytics that identify smoke and carbon monoxide alarms. Real-time mobile alerts can be sent right to your phone, or to another family member, friend, or neighbor.

Video capture can be triggered by motion or sound, with video clips stored on an included SD card and in the cloud. Plus, secure cloud storage of the past 24 hours is free.

### FEATURES

- Self-monitored connectivity through the Honeywell Home app
- Automatic home/away privacy mode through geofencing technology
- Two-way talk so you can communicate through the camera when needed
- Night vision and low-light control mode assures a clear picture no matter what time of day the video is captured
- 5-year warranty

### SIMPLE OPERATION

The C1 is easy to use and control. The intuitive design makes it easy to manage all of your connected home products from the Honeywell Home app.

### Part Of The Honeywell Home Family

The Honeywell Home family of products lets you connect many aspects of your home, and control them while you're away. With the C1 WiFi Security Camera, The Round™ Smart Thermostat, T6 Pro Smart Thermostat, and the Bouy™ Water Leak and Freeze Detector, you have a wide range of products to increase comfort and peace of mind in your home.
