

BUOY™ WHOLE HOME WATER CONTROLLER

A subscription level for everyone.

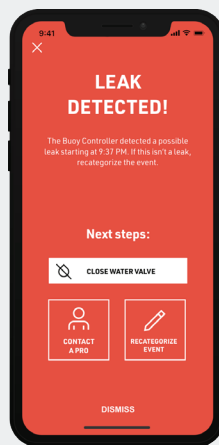

The Buoy Whole Home Water Controller makes it easy for homeowners to make their homes smarter, and can help save them thousands of dollars in home repairs and water bills.

Homeowners can get up-to-the-minute insights about where they are using water for showers, sinks, lawns, and leaks – and can turn off their water remotely or automatically. It even works in an emergency, when power and WiFi aren't available.

Help homeowners stay connected to their water by selecting a subscription level to fit their needs.

Basic (Free)

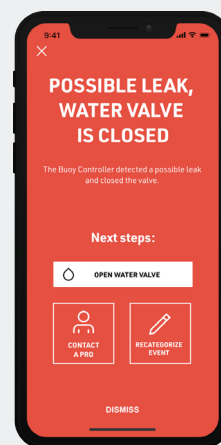

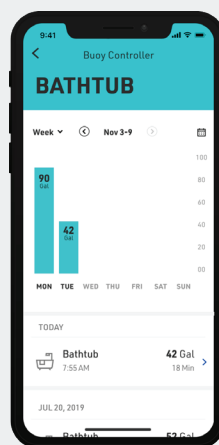

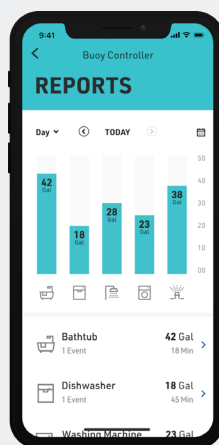

- Pairs with Buoy Water Leak Detector, which can trigger automatic shutoff
- Shutoff anywhere from the app through WiFi connection
- Data insights: Daily total, weekly average

Connected Home (\$9.99/mo)

Includes everything in Basic as well as:

- Leak monitoring and analysis
- Automatic categorization (showers, sinks, irrigation, leaks, etc.)
- Usage analysis reports (day/week/month)
- Automatic and remote shutoff
- Emergency shutoff when power/WiFi are not available
- Customized auto shutoff rules

Construction Mode (Free for Installers)

- Pro App account during construction
- Installer can open/close valve from the app
- Set local device rules to allow for testing and reduce risk of damage
- Max flow triggers shutoff to catch broken pipe or fixture, or an uncapped line.
- Max time triggers shutoff to prevent damage from water left on or slow leak on property
