First Alert Video Doorbell

Keep an eye on your home from anywhere

Answer the door while on-the-go, and greet visitors using crystal-clear HD video. The First Alert VX1 HD Video Doorbell empowers you to remotely monitor activity outside your front door. With advanced event detection that differentiates between people, vehicles, packages and animals, you will only receive notifications that matter most to you. With durability in extreme weather conditions, you can rely on VX1 from -40°F/-40°C to 122°F/50°C.

- Know what is happening around your home anytime, anywhere – easily view live and recorded video
- Advanced event detection helps reduce false notifications – differentiates between people, vehicles, packages and animals
- High-resolution, color, night vision, live and recorded video – lighting the entryway when you need it most
- Equipped with a siren and LED spotlight that can be used to warn or deter intruders
- Attractive and stylish design with customizable trim rings to complement home decor

Features & Benefits

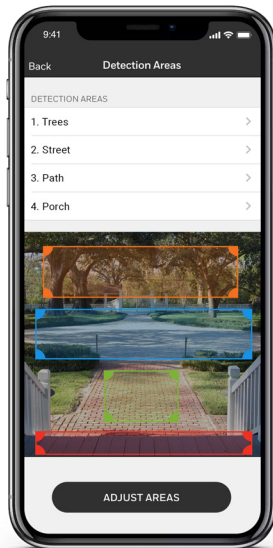

- **2-Way Interactive Audio**
Greet visitors and have a conversation before opening or remotely unlocking the door.
- **Compact, Modern Design**
Sleek, unobtrusive design that fits most door trims
- **Dual-Band Wi-Fi Connectivity**
Dual-band 2.4GHz and 5GHz Wi-Fi provides flexibility and range performance while simplifying the installation
- **Supports Smart Home Connectivity**
Integration with the ProSeries 7-inch, All-in-One Panel (PROA7PLUS), ProSeries 7-inch Wireless Touchscreen (PROWLTOUCH).
- **Built-in LED Spotlight and Siren**
Warn intruders from any location
- **Flexible Fields of View**
3 available fields of view (tall, full, wide), wide dynamic range
- **Color Night Vision**
Crystal clear nighttime video in color can help find keys, and light the way for guests

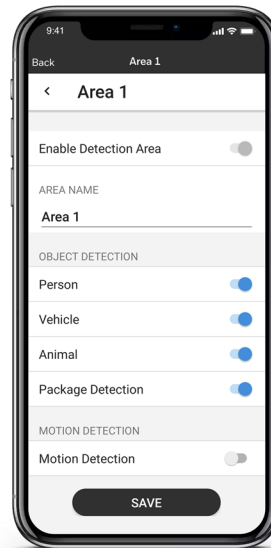

Resideo Total Connect 2.0 App for Homeowners

Stay connected with HD video viewing and advanced event detection, including a complete feature set for the connected home with built-in tutorials.

Customize your surveillance experience:

Identify your detection areas.

Select the types of notifications that you want to receive.
