

390795 Remote Rod Adapter for V800 Family of Combination Gas Controls

INSTALLATION INSTRUCTIONS

APPLICATION

The 390795 Remote Rod Adapter is for use in applications where a remote gas cock programming knob is needed. The remote rod adapter has a 5/16 in. sq. hole for a remote rod.

INSTALLATION

When Installing This Product...

1. Read these instructions carefully. Failure to follow them could damage the product or cause a hazardous condition.
2. Installer must be a trained, experienced service technician.
3. After installation is complete, check out product operation as provided in these instructions.

Fig. 1. Installation of 390795 Remote Rod Adapter.

CAUTION

Turn off gas supply before starting installation to prevent dangerous accumulation of fuel gases.

Install the remote red adapter as follows:

1. The gas cock knob is retained by the square plastic cover shown in Fig. 1. Turn the knob to the PILOT position. Unscrew the two cover assembly screws and remove the cover.
2. Lift off and discard original knob. Install new remote rod adapter on the valve shaft as shown in Fig. 1. The remote rod adapter can be fully seated in one position only. The cover cannot be reassembled unless the adapter and the valve shaft are properly oriented.
3. Replace the plastic cover. Tighten screws evenly and securely.
